

I am writing to strongly recommend Nikola Haralamov for any future endeavors he may wish to pursue. As the Chief Technology Officer at eLando, I had the distinct pleasure of working closely with Nikola for the past two and a half years, during which time he was an invaluable asset to our technology teams.

Upon joining eLando, Nikola immediately took on significant responsibilities in our Ruby on Rails department. His contribution was pivotal in the successful collaboration with a South American payments provider. His expertise in integrating various payment systems, improving performance, and diligently resolving bugs were instrumental in ensuring the project's timely delivery and exceeding our client's expectations.

After demonstrating exceptional skills and reliability in the Ruby on Rails department, Nikola transitioned to our Laravel and Vue team. In this capacity, he tackled complex internal projects that required not just technical prowess but also an innovative approach and problem-solving capabilities. Nikola excelled in this role, consistently delivering high-quality solutions while adhering to strict timelines and maintaining a collaborative team environment.

Beyond his technical skills, Nikola exhibited outstanding professionalism, a strong work ethic, and an unwavering commitment to excellence. He was always eager to take on new challenges, and his proactive attitude significantly contributed to our team's success. His ability to quickly adapt to new technologies and environments made him a versatile and dependable team member.

Moreover, Nikola was not only a great technical resource but also an excellent communicator and mentor. He shared his knowledge generously with junior developers and was always available to offer guidance and support, fostering a culture of continuous learning and improvement within the team.

In summary, Nikola is a highly skilled and dedicated software engineer with a proven track record of success in various technical domains. His exceptional technical abilities, combined with his collaborative and leadership qualities, make him an outstanding candidate for any senior software engineering role.

I am confident that Nikola Haralamov will be a significant asset to any organization he chooses to join. Please feel free to contact me if you need any further information.

Sincerely,
Rali Ralev
